

Dr. Kristjan Mytting, MD, CCFP – Release of Medical Information

The subsequent NorthernHealth form provides Dr. Kristjan Mytting and the clinic staff at the Mcleod Medical Clinic the ability to contact your previous medical care providers with the purpose of obtaining your past medical records. Obtaining your past medical records vastly improves our ability to provide excellent care. However, you are not obligated to fill out this form or consent to the release of your previous medical information. However, you do so with the understanding that this may impact our care provision.

Whether you consent to this release or not however will have no bearing on your acceptance to the clinic or our willingness to take you on as a new patient.

Thank you for your understanding.

Sincerely,

Dr. Kristjan Mytting, MD, CCFP
